Colombo,SriLanka

ABOUT ME

Final-year IT undergraduate with practical experience in full-stack development, specializing in building responsive web and mobile applications. Proficient in JavaScript, React, Node.js, and database management, with exposure to AI-based systems and data visualization. Strong problem-solving mindset with experience in debugging, testing, and system design. Eager to apply technical skills in a challenging environment and grow as a software engineer.

SKILLS

- Leadership
- Communication Skills
- Problem Solving
- Team Collaboration
- Time Management
- Adaptability

Education

BSc (Hons) Degree in Information Technology
SLIIT – Sri Lankan Institute of Information Technology 2022 - Present

G.C.E Advanced Level Physical Science Stream 2CS
Hindu College
Colombo-04 2022

G.C.E Ordinary Level 9A's
Hindu College
Colombo-04 2018

Cambridge English Entry Level B1 2017

Cambridge English Entry Level A2 2016

PROJECTS

Athlete Performance & Training AI System (Python)
Developed a personalized, intelligent visualization dashboard for a real-time athlete training system, enabling performance tracking, adaptive training recommendations, and interactive insights. Designed modular dashboards with charts, timelines, and leaderboards to visualize historical and real-time metrics, integrated with AI-driven predictions and feedback mechanisms to enhance training efficiency and injury prevention.
Technologies Used: Streamlit, Python, MySQL, Plotly, Pandas

Event Ticketing Management System (MERN Stack)
Developeda full-stack webapplication forevent creationand ticket sales management, enabling organizers to streamline operations with features like a responsive React front-end, Node.js and Express.js back-end APIs, and a QR code-based ticketing system for improved validation and fraud reduction.
Technologies Used: React.js, Node.js, Express.js, MongoDB.

Online Food Ordering (MERN Stack)
Built a web-based online food ordering platform with role-based access, supporting admin CRUD operations for customers, menus, staff, billing, and reports, along with a customer-facing interface for food ordering and payment processing.
Technologies Used: React.js, Node.js, Express.js, MongoDB.

Construction Site (MERN Stack)
Designed and implemented a construction site management system with role-based access for admin, supervisors, and customers, enabling project monitoring, report viewing, and customer interaction through a responsive web interface.
Technologies Used: React.js, Node.js, Express.js, MongoDB.

Online Banking System (PHP Web application)
Developed a banking web application enabling account management, fund transfers, and transaction tracking, with a focus on secure server-side logic and data reliability.
Technologies Used: PHP, SQL, HTML, CSS, JavaScript.

Task Management Application (Android Studio and Kotlin)
Developed a mobile application for task management, enabling users to create, organize, and access tasks offline. The app features an intuitive interface and ensures data persistence with SQLite.
Technologies Used: Kotlin, Android Studio, SQLite.

TECHNICAL SKILLS

- **Programming Languages:** C, C++, Java, JavaScript, Python, PHP, Kotlin
- **Technologies and Tools:**HTML, CSS, React.js, Node.js, Next.js
- **Database/Cloud:**MySQL, MongoDB,OracleSQL,AWS
- **SoftwareTools:**VS Code, Eclipse, IntelliJ,AndroidStudio
- **HostingServices:**Firebase, Vercel, Netlify
- **Versioncontroltools:** Git/GitHub

WORK EXPERIENCE

Amerck **2025 April-2025 Oct**

Intern Software Engineer

- Experience in web development
- Skilled in QA and staging environment deployments
- Hands-on experience with QA testing
- Business analysis with strong client-handling skills

AB startsand **2026 January-2026 Feb**

Payment Processing Associate (IT Support)

- Processed digital payments with high accuracy
- Provided basic IT support and resolved system issues
- Monitored transactions and handled processing errors
- Maintained data accuracy, security, and proper records

LANGUAGES

- **English (fluent)**
- **Sinhala (fluent)**
- **Tamil (fluent)**

CERTIFICATIONS

- **Career Essentials in GitHub Professional Certificate**
- **Career Essentials in Software Development by Microsoft and LinkedIn**
